

EDUCATION

University School of Information, Communication and Technology	Delhi, India
<i>B.Tech - Computer Science Engineering</i>	2023 – 2027
Shiksha Deep Boarding Secondary School	Biratnagar, Nepal
<i>Higher Sec. School</i>	2021 – 2022

SKILLS SUMMARY

Languages: C, C++, Python, JavaScript
Frameworks: Flask, Django, React.js, Node.js, Express.js
Databases: MongoDB, PostgreSQL, Firebase
Tools: Git, Tailwind CSS

WORK EXPERIENCE

IBMSkillsBuild	Remote
<i>Front-end Web Development Intern</i>	July 2025 – Aug 2025
- Built responsive and accessible user interfaces for a poverty-alleviation platform aligned with UN SDG 1. - Developed reusable, component-based UI modules using React.js. - Improved UI performance by optimizing rendering and reducing unnecessary re-renders. - Collaborated with team members using Git and GitHub for version control and feature development - Contributed documentation and assisted in frontend integration workflows.	

PROJECTS

CarRental - Car Booking and Rental System
- Built car-listing interface with JWT auth, deployed on Vercel. - Added search filters and map integration to streamline bookings. - Implemented real-time conflict detection to prevent double bookings
Movie Recommender System
- Engineered a movie recommender system with machine learning, distilling a dataset of 5000 movies into essential tags. - Transforming them into vectors, and leveraging cosine distance for accurate similarity calculations. - Implemented with sklearn, the system provides personalized movie suggestions, optimizing user experience.
Tic Tac Toe Game
Developed an interactive Tic Tac Toe game with a dynamic interface and real-time updates, delivering an engaging user experience with a clean and intuitive design.

POSITION OF RESPONSIBILITY

ACM, USICT GGSIPU	Delhi, India
<i>Member</i>	Nov 2024 – Present
Organized technical events and workshops, collaborated with cross-functional teams, and supported student engagement in competitive programming and CS initiatives.	

COURSEWORK

- Data Structures & Algorithms - Problem Solving - Operating Systems - Object-Oriented Programming (OOPS) - Computer Networks - Database Management Systems (DBMS)
